

Wow

John 6:63

It is the spirit that quickens; the flesh profits nothing; the words that I speak unto you, they are spirit,

Impacted By His Spirit

God is amazing, simply amazing. We still have some heat on in the house because spring is on and off. •I worked really hard doing chores and was so hot I could hardly stand it. •I sat down in my chair to cool down in front of the fan. In the meantime, we still have some deflating valentine balloons floating in the ceiling corner. I noticed that one heart balloon escaped and started going in circles in the living room. •As I am praying over a word someone had shared with me about God's wind, suddenly that balloon dropped down to the fan and shot straight towards me. It HIT me like a bullet and made me jump! •After laughing with joy at such an invasion, imagine my surprise when I looked down to read this sentence: "The Holy Spirit HIT ME."

This is a perfect word picture of what happens when God speaks something to us with His quickening power. His Spirit (wind) directly hits us with the truth that what He just said is impacting us on a personal level. Quickening is, "WOW, God is personally speaking to ME!"

John 3:8 The wind blows where it wills, and you hear the sound thereof, but cannot tell from where it came, and where it goes: so is everyone that is born of the Spirit.
