One of the ways He speaks is through divine timing, where events in our natural life line up exactly at the same time. When this happens it is a lot of fun!

I have a built in sense of timing that has always been a sign to me since I was a child. I began noticing this when I asked the Lord if He would wake me up for school so I didn't have to use an alarm clock.

He answered that prayer and I rarely used an alarm clock - I would wake up on the dot. Or I would cook something and leave the kitchen, only to come back with 1-3 seconds to spare, after not having a clue what the clock says.

TO  
EVERYTHING  
THERE IS A TIME  
AND PURPOSE  
UNDER  
HEAVEN!

Today was a day  
that God spoke to me about  
walking in His timing. In the  
Bible it says that He has timing for  
everything He does in our lives.

*Ecc 3:1 For everything there is  
a season, a time for every  
activity under heaven.*

I was walking in the mall. I was talking to someone and said that God's prophets were called watchmen and they wore watches to tell us what time it is! Smile! As I said this, suddenly I stopped in my tracks for no reason, and looked down. I saw that I was standing on a pair of feet that were taped to the floor at JC Penny's The feet said, "Countdown to 2,000." I smiled at the divine timing between what I said, where I was walking and where my feet landed!

I remembered that yesterday I was heating some milk in the microwave and I was busy working on the computer. When I thought it would be done, I got up and walked into the kitchen. The microwave said, one second!

When I was done fixing my milk and came back to my printer, it was busy printing out bulletins for church. As the last one was going through, I said, "This is the last one!" I had no way of knowing this. Sure enough the printer stopped.

*Jer 8:7 NKJV*

*Even the stork in the heavens Knows her appointed times; And the turtledove, the swift, and the swallow Observe the time of their coming.*

Today the Lord told me a joke! I worked several hours on the computer and when I was done I was very weary as I had stayed up too late to get it done. I glanced at my calendar and it was the Family Circus comic.

Jeffy was putting on his boots. He said, "Grandma says, "If you want to leave footprints in the **sands of time**, you have to put on work boots!"
