

The Holy Spirit

The Holy Spirit is your Heavenly Father's gift. He sent the gift of the Holy Spirit to earth to live with you as your friend.

The Holy Spirit is like the Father's breath that comes from His heart. When you call upon the Name of the Lord Jesus and believe He is God's Son, the Holy Spirit comes to live with you.

As your Friend,
the Holy Spirit
helps you stay
close to the
Heavenly Father.
As your Teacher,
He will guide you
to know the Truth
about God's love.

When we do not love., deep down inside our hearts we know we are being disobedient to God's law. Just like what is written in the 10 commandments, the Holy Spirit helps us know those simply by learning how to love. He helps us to know even without being told what is right and what is wrong.

The Holy Spirit is like a good policeman. He will alert us if we are going the wrong way, like telling a lie. The Bible says the Holy Spirit is truth.

When we do not speak the truth, it is against God's law of love. The Holy Spirit feels sad and so we feel bad.

But when we say we were wrong and then tell the truth, it makes God feel happy and we feel better inside.

The Bible says that when we honor our parents our life will be successful. When we are obedient to God's law of love, it makes God very happy.

When we do not obey our parents, just like the good policeman, the Holy Spirit may stop us for being rebellious.

Disobedience is not love and it makes us feel guilty, like we have done something bad.

When we love, we do not steal from others. This is because the Holy Spirit teaches us that taking something that does not belong to us is wrong.

The Bible says we are not supposed to long for other people's things. We feel uncomfortable inside if we do not respect their property and belongings. Instead we are supposed to ask God to have our own things that don't belong to

The Holy Spirit will talk to you, just like having the good policeman's walkie talkie!

He whispers things into your ear and also your thoughts. He tells you what God is saying. He gives us wonderful comfort when we feel sad.

God's Law of
LOVE

The closer we come to God, we become like Him and learn to love others because He loves us. The Holy Spirit helps us to love and honor others.

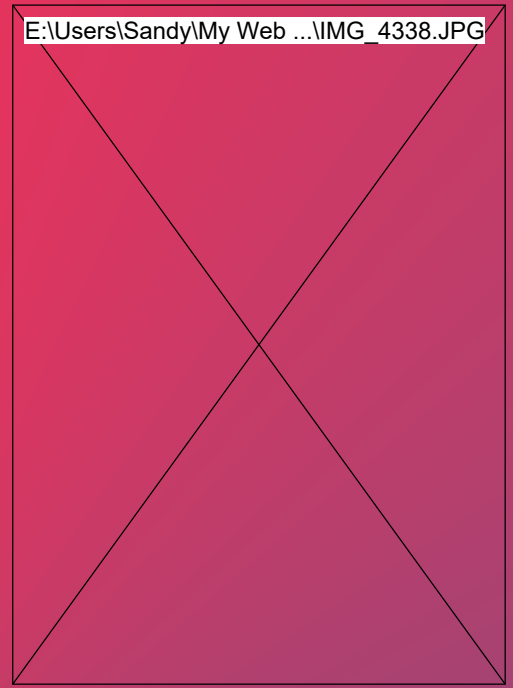

Even though we can't see the Holy Spirit, we can feel Him. He has feelings of being happy and sad, and we can feel what He is feeling.

He also leads you to know the right time to do something or when it is time to wait.

The Holy Spirit is also like a good policeman's doggie.

He will stay beside you and walk with you wherever you go.

He is like a faithful Friend.

I will walk with you

His eye is always on you and He has you in mind. And like a doggie, He will alert you when something is wrong and
